Please answer these questions.

1. How do you currently determine the needs of a student with disabilities that could be addressed by accommodations?

2. How do you currently select the specific classroom and testing accommodations for the student?

3. How do you ensure that accommodations are implemented for a student?

4. How do you monitor and evaluate the impact of the accommodations?

Please return to your contact by Friday, April 22, 2011. Thank You.
